ABOUT DJ WAVYBB

djwavybb is a female Filipina **house** DJ soon-to-be producer hailing from Long Beach, CA building a name & brand for herself in the **electronic music industry**. djwavybb has performed all throughout the country in Southern California, the Bay Area, Seattle, New York & Chicago at numerous venues such as 1015 Folsom, Halcyon SF, Monarch SF & Catch One LA to name a few.

djwavybb started her DJ career as an open format DJ but over time, she returned to her first love: electronic music & started playing **electronic themed parties**. From there, she continued to pave her path in the electronic music scene by sharing stages with notable electronic artists such as **Snakehips, Manila Killa & Sam Gellaitry**. Additionally, she's gone on **tour** for Thuy's Girls Don't Cry 2022 tour opening for artist Ashley Mehta as well as performed at 2 electronic **music festivals**, Breakaway Bay Area 2022 & 2023 at Bill Graham Civic Center.

You can expect to hear a blend of a wide range of **house, trap, jersey club, ukg & garage** from any of her sets. In terms of equipment, for non-EDM events, she plays on Serato across controllers, CDJs & turntables. For EDM events, she plays on Rekordbox via CDJ 2000s & 3000s with DJM 900 NXS2 (or similar) 4-channel mixers. Through her art, she hopes to inspire other women to pursue their creative dreams, especially in the electronic music industry. Through music, she hopes to make an unforgettable impact on her listeners and make them feel what she feels.
